Hearing Date: 1/25/08

Staff: Marsha Reilly (786-7135).

Background:

The legislative authority of a county with a city, town, or precinct containing qualifying indigent and suffering veterans or family members must provide funds for the relief of these veterans and family members. The legislative authority must consult with and solicit recommendations from the applicable veterans' advisory board to determine the appropriate services needed for local indigent veterans. Veterans' assistance programs must at least partially be funded by the veterans' assistance fund established in the county through a tax levy.

For purposes of veterans' relief programs, "veteran" has the same meaning as in RCW 41.04.005 and 41.04.007. Generally, the definitions include honorably discharged veterans of wars and armed conflicts, as well as honorably discharged veterans of any branch of the service.

Summary of Bill:

The definition of "veteran" for purposes of veterans' relief programs is expanded to include current members of the national guard who have been deployed to serve in an armed conflict.

Appropriation: None.
